

Article 15.06: Participant Data Feed

Last Updated: September 15, 2026

A Multiple Listing Service must, upon request, promptly provide an MLS Participant (or the Participant's designee) a data feed containing, at minimum, all active MLS listing content input into the MLS by or on behalf of the Participant and all of the Participant's off-market listing content available in the MLS system. The delivery charges for the Participant's listing content shall be reasonably related to the actual costs incurred by the MLS. The data feed must be in compliance with the RESO Standards as provided for in MLS Policy Statement 7.90.

Note: Stellar MLS will not limit the use of the Participant's listing content by the Participant or the Participant's designee.
