

Article 19.09: Criteria for IDX Display

Last Updated: September 27, 2026

Member Participants may select the listings they choose to display through IDX based solely on objective criteria, including but not limited to factors such as geography or location, list price, type of property, or type of listing. Selection of listings displayed through IDX must be independently made by each Member Participant. If the Member Participant chooses to limit the display of any listings based on objective criteria, the Member Participant's IDX site must include a disclosure to consumers that clearly states "Some IDX listings have been excluded from this website."
